Vice-Chairman - Operations

- **Assist in the management of a large camp site in a supportive environment**
- **Contribute to one of the largest Rover Owned properties in the southern hemisphere**
- **Lead a team of Rovers who are working towards a common goal**

Mafeking Rover Park, is owned and operated by Victorian Rovers for Victorian Rovers. Purchased in 1992 The Park offers a diverse landscape of open land, scrub and bush providing a variety of camping opportunities and areas to explore for all members of Scouting and the wider community. Mafeking is the home of Rover Motorsport in Victoria and the host location for the upcoming 2016 Australian Rover Moot 'The Moot'

The opportunity:

The Committee is seeking a Rover to join the committee to fulfil the role of Vice-Chairman - Operations. This role is open to all Rovers currently registered within Victoria who have experience on the Mafeking Rover Park Committee of Management and are interested in leading the Operations branch of the committee.

What's in it for you?

Mafeking Rover Park is going through a period of rapid development onsite, with several new facilities being constructed and significant upgrades to other infrastructure onsite.

The Vice-Chairman – Operations will play a key role in ensuring these projects remain on track, particularly in the lead up to The Moot. Working with members of the operations team there **are** great opportunities to leave a significant mark on the Park for the next generation to utilise.

What skills do you need?

In order for you to be considered for the role the applicant must be a current invested Rover and will remain so for the duration of the term.

This role is ideal for a Rover who is interested in developing their leadership skills, particularly in managing a small team. Experience in practical maintenance and development projects at Mafeking or a similar asset would be of significant benefit in this role. Completing a Rover Basic is recommended for this role.

This role will be reporting to the Chairman and will be expected to prepare a report on a monthly basis in regards to works completed and underway.
